

# Taw Valley Organics

Catalogue  
2023

Ornamental Plant Nursery  
in North Devon.

[www.tawvalleyorganics.com](http://www.tawvalleyorganics.com)

## Welcome to our 2023 catalogue.

Taw Valley Organics is a small family business nestled within the Taw Valley near Barnstaple, North Devon. The nursery is owned and run by siblings Samir and Anisa and their partners Lizz and Dave.

Our ethos lies in sustainable horticulture and we grow all of our plants on-site without artificial fertilisers, pesticides, mains water or mains electricity.

We are proud to hold full organic certification with the Soil Association and we are one of only a few organic plant nurseries in the country. (Our license no. is AB27800).

On the following pages you'll find some of the plants we are growing this year! Each with a brief description of their characteristics and where in the garden they are best suited. We are constantly expanding our list and adding new plants all the time. Check our website for our current seasons list. Flowering times can vary but approximations are given. HxS = The potential height and spread of a plant when established.

### **How to Order**

Whilst the nursery is currently closed to the public, visitors will be welcome on set open days throughout the season. Join our mailing list to keep up to date.

Plants are available to order for collection from the nursery entrance at other times. Email us the list of plants you would like to order and we will do our best to accomodate your needs.

In 2023 we will be attending a number of plant fairs throughout the county. Join our mailing list and keep an eye on our website and social media pages for updates throughout the season.

## Why Organic?

We simply wouldn't do it any other way! We are passionate about growing in a sustainable way, in harmony with nature and without the use of chemicals or synthetic fertilisers. We are one of only a handful of Certified Organic Nurseries in the whole of the UK. All our plants are grown in certified organic, peat free compost.

To meet the Soil Association standards for organic growing, plants have to go through a conversion period before they can be labelled as 'Organic'. This is why you'll notice in the catalogue some plants don't yet have the *Organic* mark. You can rest assured once a plant starts its life at the nursery, all plants are grown to organic standards. As each plant reaches its conversion period it will be marked as *Organic*. All the plants we sell are grown by us at the nursery, we don't buy in plugs to pot on.

## Compostable Pots

As part of our aim to be a sustainable nursery we are also keen to reduce plastic waste. Many of our plants are sold in compostable cardboard pots, the plastic pots will be reused within the nursery.

# Perennials

## **Achillea alpina 'Love Parade'**

Bright green leathery foliage, unlike other Achilleas. Soft pink flowers with light yellow centres. Makes a great cut flower to be enjoyed in the house.

Flowers-June-September  
Full Sun  
HxS 75x60cm

**ORGANIC**

## **Achillea fillipendula 'Cloth of Gold'**

Deep golden blooms above light green foliage. Loved by pollinators, perfect for bringing colour to the back of the border.

Flowers-June-Sept  
Full Sun  
HxS 1.5mx45 cm

**ORGANIC**

## **Achillea millefolium 'Cassis'**

Masses of cherry red flowers above fern like foliage. Very easy to grow. Attractive to bees and butterflies which love the open flowers.

Flowers-June-September  
Full Sun  
HxS 60x45cm

**ORGANIC**

## **Achillea millefolium 'Cerise Queen'**

Cerise pink flowers blooming over a long season. The perfect addition to the middle of an ornamental border and lovely for a wildlife garden.

Flowers-May -August  
Full Sun  
HxS 60x60cm

**ORGANIC**

## **Achillea millefolium 'Proa'**

Pure white flowers up to 12cm across are held above aromatic fern like foliage. Loved by pollinators and looks great planted amongst grasses.

Flowers-June-September  
Full Sun  
HxS 40x40cm

**ORGANIC**

## **Achillea ptarmica 'The Pearl'**

Pom-pom white flowers drift in sprays over dark green leaves. Forms a lovely mound, looks great in a mixed border.

Flowers-Jun-Aug  
Full Sun  
HxS 70x60cm

**ORGANIC**

## **Aconitum 'Dark Eyes'**

Unusual primrose-yellow hooded flowers on tall spikes. Forms a clump of upright stems that look very effective if allowed to intermingle with neighbouring plants

Flowers - June-August  
Sun-part shade  
HxS 75 x 50cm

**ORGANIC**

## **Actaea 'Chocoholic'**

Forms a large clump of dark dissected foliage with tall upright flower spikes turning from pink to white as they open.

Flowers-June-September  
Part shade  
HxS 120 x 90cm

**ORGANIC**

## **Agastache Indigo Hybrid**

Awarded a Fleuroselect Gold Medal for vigorous growth and compact habit. Spikes of long lasting deep blue flowers, a real magnet for pollinators.

Flowers Jul-Sept  
Full Sun  
HxS 60x30cm

**ORGANIC**

## **Agastache foeniculum**

Blue flower spikes are a magnet to bees and the whole plant smells beautifully of anise.

Flowers-July-September  
Full Sun  
HxS 90x40cm

**ORGANIC**

## **Agastache aurantiaca 'Navajo'**

Beautifully aromatic grey green foliage. Covered in beautiful rich orange flowers that the bees will love and look great in the vase too.

Flowers-July-October  
Full Sun  
HxS 45x30cm

**ORGANIC**

## **Ageratina altissima 'Chocolate'**

(Syn. Eupatorium rugosum 'Chocolate') Bright white flowers above chocolatey foliage. A lovely contrast in a mixed border, looks great with grasses.

Flowers-July - September  
Part Shade  
HxS 1.8m 80cm

**ORGANIC**

## **Alchemilla mollis**

Clump forming plant with toothed, ruffled leaves and produces clouds of chartreuse flowers. Very effective ground cover and will tolerate a range of conditions.

Flowers-June-September  
Full sun- part shade  
HxS 50 x 50cm

**ORGANIC**

## **Anemone leveillei**

Looks great planted in naturalised drifts. Soft mounds of foliage support elegant lilac white flowers with blue-purple anthers.

Flowers-April-June  
Full Sun or Part Shade  
HxS 60x40cm

**ORGANIC**

## **Aquilegia vulgaris 'Munstead White'**

Elegant white flowers that will shine out from a shady location. Perfect addition to the cottage garden flowering from spring into summer.

Flowers-May-July  
Sun-Part Shade  
HxS 60x45cm

**ORGANIC**

## **Artemisia pontica 'Powis Castle'**

Woody sub-shrub, with aromatic, silvery green, finely divided leaves. Forms a good sized mound, that remains evergreen in warmer areas.

Sun, part shade  
HxS 70 x 60cm

**ORGANIC**

# Perennials

## **Aruncus 'Horatio'**

The perfect plant for naturalistic planting schemes. Lovely sprays of creamy white flowers above attractive cut fern like foliage.

Flowers Jun-Jul  
Sun-Part Shade  
HxS 120x75cm

## **Asclepias curassavica**

Tropical milkweed, a tender perennial often grown as an annual. Produces stunning red-orange flowers, and interesting shaped seed pods. Loved by bees and butterflies.

Flowers-Jun-Sept  
Sun  
HxS 70 x 50cm

**ORGANIC**

## **Aster 'September Ruby'**

Tall plant with red-purple clusters of flowers at its tips. A good late season perennial, happy in a range of locations.

Flowers Sept-Oct  
Sun-Part Shade  
HxS 100 x 70cm

## **Aster frikartii 'Monch'**

Delicate lavender blue petals around a yellow centre, up to 8cm across. A real showstopper for late summer, flowering into autumn.

Flowers-August-September  
Full Sun  
HxS 70x40cm

**ORGANIC**

## **Aster pyreneus 'Lutetia'**

Compact and mound forming. Elegant lilac daisy flowers from late summer into autumn.

Flowers-September-October  
Full Sun  
HxS 75x70cm

## **Astrantia major**

Beautiful star shaped flowers formed above a mound of leaves. Gives a good season of interest often flowering multiple times a year.

Flowers-Jun-Sept  
Sun-Part shade  
HxS 60 x 50cm

**ORGANIC**

## **Brunnera 'Looking Glass'**

Silvery foliage lights up a shady spot in the garden. Blue forget-me-not like flowers are held above the foliage. Looks great with ferns and spring bulbs.

Flowers-April - May  
Part Shade  
HxS 35x45cm

**ORGANIC**

## **Campanula 'Sarasto'**

A sterile, hybrid bellflower that forms plentiful flower spikes covered in hanging dark purple bells. Often flowering twice in a season and happy in shadier locations.

Sun-Part shade  
HxS 50 x 50cm

## Eupatorium Atropurpureum

# Perennials

## **Campanula 'Lodden Anna'**

Milky bellflower, forms a clump of erect stems with creamy pink clusters of flowers at the top. A good summer flowerer, great for the middle of a border.

Flowers-Jun-Aug  
Sun-Part shade  
HxS 90 x 70cm

**ORGANIC**

## **Campanula lactiflora 'Pritchards Variety'**

Upright stems hold trumpet shaped lilac blue flowers. A cottage garden favourite that looks great planted with roses.

Flowers-June-September  
Sun-Part shade  
HxS 75x60cm

**ORGANIC**

## **Catananche caerulea**

Forms low clumps of strap leaved foliage with airy flower stems that branch off into masses of lavender blue daisy type flowers.

Flowers-June-September  
Full sun  
HxS 60 x 30cm

**ORGANIC**

## **Cephalaria gigantea**

Soft lemon yellow flowers held on tall airy stems. A real bee magnet and perfect for bringing drama to the back of the border.

Flowers-June - August  
Full Sun  
HxS 2.4m x 60cm

**ORGANIC**

## **Chrysanthemum x superbum 'Crazy Daisy'**

Gorgeous yellow eyed fringed white flowers, a perfect daisy! Makes an excellent cut flower. Very easy to grow.

Flowers-May-Sept  
Full Sun  
HxS 60x45cm

**ORGANIC**

## **Cirsium rivulare 'Atropurpureum'**

An airy ornamental thistle with deep rich flowers on tall stems. Looks great shooting up at the back of a border and through grasses.

Flowers-June-August  
Sun-Part Shade  
HxS 120x60cm

**ORGANIC**

## **Coreopsis 'Zagreb'**

A low growing plant with fine dissected foliage. Produces masses of vibrant yellow flowers for most of the summer and often well into autumn

Flowers-May-Aug  
Sun-Part shade  
HxS 45 x 45cm

## **Coreopsis tripteris**

A tall, slender plant with modest sized yellow flowers. Works well in more informal settings planted at the back of the border in a sunny location

Flowers-Aug-Sept  
Sun-Part shade  
HxS 200 x 80cm

**ORGANIC**

## **Cuphea cyanea**

Half-hardy bushy plant with masses of orange flowers with yellow tips. Will remain evergreen in mild areas.

Flowers-May-Oct  
Sun-Part shade  
HxS 60 x 40cm

**ORGANIC**

## **Cynara cardunculus**

A stunning architectural plant with large silvery-green toothed leaves. Produces a large blue flower head on strong fibrous stems which dry well and remain over winter.

Flowers-Jun-Sept  
Sun-Part shade  
HxS 180 x 120cm

**ORGANIC**

# Perennials

## **Dahlia 'Dark Butterflies'**

A semi-double dahlia with magenta pink tipped petal blending to yellow in the centres.

Sun-Part shade  
HxS 90 x 50cm

**ORGANIC**

## **Dahlia 'Totally tangerine'**

A strong flowering cultivar with orange to pink anemone-type flowers that will continue right through the summer if deadheaded

Sun-Part shade  
HxS 90 x 50cm

**ORGANIC**

## **Dahlia 'Nicholas'**

Soft orange flowers held high on strong dark stems

Sun-Part shade  
HxS 90 x 50cm

**ORGANIC**

## **Dahlia 'Thomas Edison'**

Large violet-purple flowers with white tips

Sun-Part shade  
HxS 100 x 50cm

**ORGANIC**

## **Dahlia 'Soulman'**

Dark-burgandy anemone type dahlia with interesting reflexed outer petals

Sun - Part Shade  
HxS 90 x 50cm

**ORGANIC**

## **Dahlia 'Wizard of Oz'**

A light pink ball type dahlia

Sun-Part shade  
HxS 90 x 50cm

**ORGANIC**

## **Dafnisca cannabina**

A great foliage plant with strong stems and fine pinnate foliage. Attractive flowers and seed heads hang from the arching stems.

Flowers-Aug-Sept  
Sun-Part shade  
HxS 200 x 100cm

**ORGANIC**

## **Dicentra 'Bacchanal'**

Wine red heart shaped flowers above finely cut pale green foliage.

Flowers-Apr-Aug  
Sun-Part shade  
HxS 30x40cm

## **Digitalis lutea**

Rosette of rich glossy foliage. Soft cream white flower spikes in early summer are loved by bees. More reliably perennial than other foxgloves.

Flowers-June-July  
Part Shade  
HxS 1mx30cm

**ORGANIC**

## **Digitalis parviflora**

An unusual, bold plant with flower stems covered in tiny hazel-brown foxglove like flowers.

Flowers-May-Jul  
Full shade-Part Shade  
HxS 60 x 30cm

**ORGANIC**

# Perennials

## **Digitalis purpurea 'Alba'**

A beautiful white foxglove, will self seed and naturalise in the garden. A perfect addition to the cottage garden or wildlife garden border.

Flowers-May-Jul  
Part shade  
HxS 1mx40cm

**ORGANIC**

## **Dodecatheon 'Red Wings'**

Elegant and unusual magenta red flowers with warm yellow centres. Likes a shady location, can be grown in pots.

Flowers-April-June  
Shade  
HxS 30x20cm

**ORGANIC**

## **Echinacea pallida**

Large pale pink flowers with warm orange centres. Slender hanging petals are more delicate than other echinacea.

Flowers-July-September  
Sun  
HxS 1.25mx50cm

**ORGANIC**

## **Echinacea purpurea**

Large rich pink daisy flowers. No need to stake and makes a great cut flower. Loved by bees, butterflies and birds.

Flowers-June-September  
Sun  
HxS 1.5mx45cm

**ORGANIC**

## **Echinacea paradoxa**

Unlike other echinacea this form has warm golden yellow flowers with lightly drooping petals. Great in the mixed border and with grasses.

Flowers-August-October  
Sun  
HxS 1mx50cm

**ORGANIC**

## **Echinacea 'White Swan'**

A strong flowering cultivar that produces white flowers with a rusty orange centre. Slightly lower growing than the species type.

Flowers-June-September  
Sun- Part shade  
HxS 90 x 60cm

**ORGANIC**

# Perennials

## **Epimedium versicolor 'Sulphureum'**

Evergreen heart shaped leaves support sprays of soft yellow fairy like flowers. Tougher than it looks, perfect for the woodland garden.

Flowers-April - May  
Full-Part Shade  
HxS cm

**ORGANIC**

## **Eryngium plannum**

Blue Sea Holly. Branching thistle like flowers turn electric blue. A striking addition to the garden and loved by pollinators. Good winter interest.

Flowers-July-August  
Sun  
HxS 90x45cm

**ORGANIC**

## **Eryngium yuccafolium**

Silvery-grey spiky foliage, with clusters of white flowers atop of strong branching stems. A good structural plant that will tolerate dry conditions

Flowers-Jul-Sept  
Sun  
HxS 120 x 60cm

**ORGANIC**

## **Erysium 'Winter Orchid'**

A beautifully scented perennial wallflower with burnt-orange flowers that turn to purple as they age.

Sun-Part Shade  
HxS 60 x 30cm

## **Eupatorium maculatum 'Riesenschirm'**

A smaller form of Joe-Pye weed with huge flower heads that are loved by pollinators. Tall strong stems and plentiful foliage so best given a good amount of space.

Flowers-Aug-Sept  
Sun- Part Shade  
HxS 200 x 100cm

**ORGANIC**

## **Eupatorium maculatum Atropurpureum**

Pink purple flowers are held on tall stiff stems above dark green foliage. Flowers become fluffy as they age, loved by bees.

Flowers-August-September  
Sun-Part Shade  
HxS 1.8mx90cm

**ORGANIC**

## **Euphorbia amygdaloides 'Purpurea'**

A shade loving compact euphorbia. Striking acid green flowers contrast beautifully with the rich purple foliage.

Flowers-April-June  
Part Shade  
HxS 50x30cm

**ORGANIC**

## **Euphorbia 'Portugese Velvet'**

Forms a mound of dense foliage with large unusual looking spikes of green flowers with brown centres.

Flowers-Mar-May  
Sun-Part Shade  
HxS 75 x 60cm

**ORGANIC**

## **Euphorbia characias subsp. Wulfenii**

A large clump forming perennial that makes an impressive feature plant with masses of chartreuse coloured flowers.

Flowers-May-Jun  
Sun-Part Shade  
HxS 90 x 70cm

**ORGANIC**

## **Eurybia divaricata (Syn. Aster divaricatus)**

Delicate sprays of star like white flowers are held on dark stems above deep green leaves.

Flowers-Summer-Autumn  
Part Shade  
HxS 50x50cm

**ORGANIC**

# Perennials

## **Foeniculum vulgare 'Purpureum'**

Bronze fennel, a tall plant with fine feathered dark foliage. Forms large umbels covered in yellow flowers

Flowers-Jul-Aug  
Sun-Part Shade  
HxS 180 x 60cm

**ORGANIC**

## **Galega officinalis**

A sprawling plant with pea-like foliage and white to pink flowers

Flowers- Jun-Oct  
Sun-Part Shade  
HxS 100x100cm

## **Gaura lindheimeri**

Above spotted leaves, airy stems covered in pink buds open the most delicate white flowers. Likes a free draining soil.

Flowers-June-September  
Sun  
HxS 1.2mx90cm

**ORGANIC**

## **Geranium maculatum 'Chatto'**

Soft lilac pink flowers with glossy foliage. Prefers a partly shady spot or woodland conditions. Cut back in July for more blooms in September.

Flowers-April-July  
Part Shade  
HxS 60x40cm

**ORGANIC**

## **Geranium pratense 'Mrs Kendall Clark'**

Lilac silver flowers appear to shimmer as if they have been painted with watercolour. A tall geranium with finely cut leaves.

Flowers-May-June  
Sun  
HxS 90x60cm

## **Geranium psilostemon**

A vigorous geranium covered in magenta pink flowers with deep black centres. Deeply cut green leaves turn a vivid red in autumn.

Flowers-June-August  
Sun  
HxS 1.2x1.2m

## **Geranium sanguineum 'Max Frei'**

Deeply divided green leaves, covered in rich pink flowers.

Flowers-June-August  
Sun-Part Shade  
HxS 25x45cm

**ORGANIC**

## **Geranium sanguineum 'Album'**

Pretty White flowers cover the plant in early summer. Fast growing hummocks of foliage are good at suppressing weeds. Perfect for a cottage garden.

Flowers-May-June  
Sun-Part Shade  
HxS 25x30cm

**ORGANIC**

## **Geranium x johnsonii 'Johnsons Blue'**

Deep blue flowers over a long period. Looks lovely scattered through a mixed border, the dense foliage is a good weed suppressant.

Flowers-May-August  
Sun  
HxS 30x60cm

**ORGANIC**

## **Geum 'Lady Stratheden'**

Forms a dense rosette of leaves with long wiry flower stems and golden semi-double yellow flowers

Flowers-May-June  
Sun-Part Shade  
HxS 60 x 60cm

**ORGANIC**

# Perennials

## **Geum 'Prinses Juliana'**

A strong growing cultivar with large orange flowers above a mass of foliage that can be treated as semi-evergreen and cut back in spring.

Flowers-May-Jul  
Sun-Part Shade  
HxS 75 x 75cm

**ORGANIC**

## **Geum chiloense 'Sunrise'**

A cheerful yellow geum producing bright flowers on airy stems. Flowering for months.

Flowers-May-Sept  
Sun-Part Shade  
HxS 50x45cm

**ORGANIC**

## **Geum 'Mrs J Bradshaw'**

Semi double red flowers stand on light stems above soft green foliage, loved by bees.

Flowers-Jun-Sept  
Sun-Part shade  
HxS 60x60cm

**ORGANIC**

## **Geum chiloense 'Blazing Sunset'**

Large double scarlet red flowers held high above a rosette of foliage. Look great in a mixed border and flowers all summer.

Flowers-May-October  
Sun  
HxS 60x60cm

**ORGANIC**

## **Helenium autumnale 'Helena Red Shades'**

Glossy green foliage supports coppery red flowers all summer long. Loved by pollinators and makes a great cut flower.

Flowers-June-October  
Sun  
HxS 120x80cm

**ORGANIC**

## **Helenium 'El Dorado'**

Regarded as one of the best yellow heleniums. Yellow flowers tipped red at the ends, flowering all summer long.

Flowers- July-September  
Sun  
HxS 80x40cm

**ORGANIC**

## **Helenium 'Moerheim Beauty'**

Orange-Crimson flowers bring a welcome splash of colour throughout late summer. Looks great with grasses.

Flowers-July-Sept  
Sun-Part Shade  
HxS 100x45cm

**ORGANIC**

## **Helenium 'Waltraut'**

Umber orange flowers up to 8cm across all summer. Robust and upright it looks great drifted through a mixed border. Bees and butterflies love it.

Flowers-August-September  
Sun  
HxS 100x60cm

**ORGANIC**

## **Helenium 'Sahins Early Flowerer'**

Each flower has its own painted markings of red yellow and orange.

Flowers-June -October  
Sun  
HxS 90x45cm

**ORGANIC**

## **Helenium hoopesii**

Warm yellow daisy like blooms with narrow petals. Loved by pollinators. Looks great in mixed natural and cottage style planting.

Flowers-June-Septemer  
Sun  
HxS 100x60cm

**ORGANIC**

# Perennials

## **Heliopsis 'Bleeding Heart'**

Attractive dark purple stems and foliage. Orange flowers turn red and cover the plant all summer.

Flowers-July-October  
Sun  
HxS 120x60cm

**ORGANIC**

## **Hemerocallis 'Stafford'**

A long flowering variety producing masses of scarlet flowers with a yellow midrib.

Flowers-Jul-Sept  
Sun-part shade  
HxS 75 x 75cm

**ORGANIC**

## **Hemerocallis 'Fragrant Returns'**

One of the best repeat flowering day lillies. Lemon yellow fragrant flowers.

Flowers-June-August  
Full Sun  
HxS 45x30cm

**ORGANIC**

## **Hemerocallis 'Wild Horses'**

Creamy white petals painted with purple. Happy in the border or in pots.

Flowers-June-July  
Full Sun  
HxS 90x50cm

**ORGANIC**
