

# Taw Valley Organics

Catalogue  
Summer 2021

Ornamental Plant Nursery  
in North Devon.

[www.tawvalleyorganics.com](http://www.tawvalleyorganics.com)

## Welcome to our Spring 2021 catalogue.

Taw Valley Organics is a small family business - owned and run by siblings Samir and Anisa and their partners Lizz and Dave - nestled within the Taw Valley near Barnstaple, North Devon.

Our ethos lies in sustainable horticulture, and we produce a range of high quality plants for our local community using peat free compost and organic growing methods in harmony with the wildlife that share the nursery with us.

We're proud to hold full organic certification with Soil Association, we are one of only a few organic plant nurseries in the country. (our license no. is AB27800).

On the following pages you'll find all the plants we are growing this year! Each with a brief description of their characteristics and where in the garden they are best suited. We are constantly expanding our list and adding new plants all the time.

At the back of the catalogue is our 'current' availability list with prices and pot sizes, this list is updated regularly as new plants become ready for sale. Plants listed in the catalogue but not on the availability list are currently being potted on ready for sale.

Flowering times can vary but approximations are given. HxS = The potential height and spread of a plant when established.

### **How to Order**

Whilst the nursery is currently closed to the public plants are available to order for collection from the nursery entrance. All plants currently available are listed at the back of the catalogue, this list is updated regularly as more plants become ready for sale. Email us the list of plants you would like to order and we will arrange a convenient day for collection. If there's something you're looking for that we don't have in stock, let us know and we'll do our best to source it for you!

## Why Organic?

We simply wouldn't do it any other way! We are passionate about growing in a sustainable way, in harmony with nature and without the use of chemicals or synthetic fertilisers. We are one of only a handful of Certified Organic Nurseries in the whole of the UK. All our plants are grown in certified organic, peat free compost.

To meet the Soil Association standards for organic growing, plants have to go through a conversion period before they can be labelled as 'Organic'. This is why you'll notice in the catalogue some plants don't yet have the *Organic* mark. You can rest assured once a plant starts its life at the nursery, all plants are grown to organic standards. As each plant reaches its conversion period it will be marked as *Organic*.

## Compostable Pots

As part of aim to be a sustainable nursery we are also keen to reduce plastic waste. Many of our plants are sold in compostable cardboard pots, the plastic pots will be reused within the nursery.

## **Achillea alpina 'Love Parade'**

Bright green leathery foliage, unlike other Achilleas. Soft pink flowers with light yellow centres. Makes a great cut flower to be enjoyed in the house.

Flowers-June-September  
Full Sun

Soon...

Flowers-August - October  
Full Sun  
HxS 170x80cm

## **Sanguisorba 'Pink Tanna'**

Fluffy pink flower spikes are held on wiry stems, looks lovely swaying in a breeze. Attractive fern like foliage.

Picture  
Coming  
Soon...

Flowers-July-September  
Full Sun  
HxS 60x75cm

## **Sanguisorba 'Tanna'**

Dark red flowers on airy stems create a willowy seem through effect above blue-grey foliage. Looks wonderful planted amongst grasses.

Flowers-June-September  
Full Sun  
HxS 50x40cm

# Perennials

## **Sanguisorba menziesii**

Marron pink bottlebrush flowers are loved by pollinators. The wiry flower spikes are held above grey green foliage.

Picture  
Coming  
Soon...

Flowers-June-September  
Full Sun or part shade  
HxS 75x60cm

## **Symphyotrichum turbinellum**

Commonly called the prairie aster. Daisy like flowers with lilac petals and warm yellow centres. The base of each flower is shaped like a Turban,

hence the name.  
Flowers-August-October  
Full Sun-Part Shade  
HxS 90x60cm

## **Sysyrrinchium striatum**

Iris like foliage topped with clusters of pale yellow flowers. Likes a well drained soil.

Picture  
Coming  
Soon...

Flowers-June-July  
Full Sun  
HxS 80x50cm

## **Thalictrum delavayi 'Album'**

An elegant white thalictrum with pale green dissected foliage. Benefits from a few twiggy sticks to support the airy flower spikes.

Picture  
Coming  
Soon...

Flowers-  
Full Sun or Part Shade  
HxS 140x60cm

## **Thalictrum delavayi**

Airy clouds of Lilac-White flowers on tall willowy stems. Benefits from a few twiggy sticks to support the airy flower spikes.

HxS 15x15cm

# Grasses

## **Briza media**

Lesser Quaking Grass.  
Semi-Evergreen grass with purple tinted leaves. Elegant flowers hang on wiry stems.

Flowers-may-Aug  
Full Sun  
HxS 90x30cm

## **Calamagrostis acutiflora 'Overdam'**

Upright grass with green and white foliage, feathery flower plumes in summer. Stands well over winter, looks great when it catches the frost.

Flowers-July-September  
Full Sun/Part Shade  
HxS 130x60cm

**ORGANIC**

## **Calamagrostis brachytricha**

Beautiful feathery flowers look elegant in a mixed border.

Flowers-  
Full Sun  
HxS 1.5mx90cm

**ORGANIC**

## **Calamagrostis x acutiflora 'Karl Foerster'**

A grass with year round interest. The architectural upright habit makes a good focal point in the garden.

Flowers-June-September  
Full Sun-Dappled Shade  
HxS 180x60cm

## **Chasmanthium latifolium**

A lovely grass to have cascading over a path or through the front of a border. The flowers and seed pods look like flattened wheat on wiry stems.

Flowers-July-August  
Full Sun  
HxS 90x45cm

## **Eragrostis spectabilis**

Purple love grass. Neat mounds of green foliage that changes colour later in the season with great fluffy pink flowers.

Flowers-August-September  
Full Sun  
HxS 60x50cm

## **Miscanthus sinensis**

A strong tall grass that stands well over the winter, making a great habitat for overwintering insects. Cut back in spring.

Flowers-Aug-Sept  
Full Sun  
HxS 200x70cm

**ORGANIC**

## **Panicum virgatum**

A lovely airy panicum, with light seed heads that look lovely blowing in the breeze.

Flowers-  
Full Sun  
HxS cm

**ORGANIC**

## **Stipa gigantea**

Golden Oats, a beautiful tall grass with the most stunning seed head that glow like gold in the sun.

Flowers-  
Full Sun  
HxS cm

**ORGANIC**

## **Stipa tenuissima Pony Tails**

A delicate wispy grass with light fluffy seed heads which sway beautifully in the lightest breeze. Looks great in drifts amongst flowering perennials.

Flowers-July-Sept  
Full Sun  
HxS 60x30cm

**ORGANIC**
